

LINTANG HANNAN MAULANA

JUNIOR FRONT-END

SUMMARY

I graduated from Cloud Computing at Bangkit Indonesia 2021. The contributions i have made while working at Capstone has given me a wealth of experience on how to teach groups, take responsibility, for assigned projects, and manage under-membered groups in capstone work. Now I am still studies at Telkom University and actively in the Laboratory as Practicum Assistant. Furthermore, I am very responsible for what has been entrusted to me and a conscientious person who work hard.
